3. Bid **5NT** asking for Kings
(if you are looking for a Grand Slam!)

Advice from a Grand Master

Believe it or not, your bridge journey is just beginning !
You will discover there is still a lot to learn about the game, but there is no hurry ! Stick to the basics and master what you have learnt in these lessons before trying anything new.

Don't let people tell you what to do.
Refer to your lesson notes to reinforce how you should bid and play the hands.

Here is a great quote to help you on your way:

“It's not usually the first mistake that gives you a bad board, it is the second one. You often make the second mistake because you are still focusing on the first one. Don't let one mistake cause another!”

- Robert S Todd
